

***Pan American Network for Drug Regulatory Harmonization (Red PARF) - Medicine
Working Group Registration
Aide Memoire - Elluminate – January 14 2011 - 10:00 a 10:36 a.m.***

Participants:

MERCOSUR: Silvia Boni (Argentina) - Member

ALIFAR: Miguel Maito - Member

PAHO / WHO: Secretariat: Adriana Ivama

Summary of discussion

Meeting Dates: by request of participants, it was agreed changes in meeting dates for the months of February (2/17 - Thursday) and March (3/18 - Friday). See attached the list with changes.

Discussion and review of the document on Harmonized Requirements for Registration of

Medicines: Silvia Boni reported that she received comments from members of Mercosur, however there are still countries to send comments. Miguel Maito informed that also received comments, but there are members of Alifar to send comments. He proposed to postpone the date for sending comments to Secretariat to February 10, which has been agreed by the participants. It was proposed that the Secretariat should strengthen the request for countries to submit their comments and that to members to participate more actively in the meetings. Adriana will send a reminder to all members with the dates agreed and the request. The Secretariat will send the word document to facilitate the incorporation of comments as soon as possible.

Summary and closing agreements:

It is requested that each representative again strengthen consultation about the document with country's representatives of their sub-regional blocks and to send consolidated comments to the secretariat until February 10th. It was requested to members to participate more effectively in the meetings.
