PAHO AWARD FOR HEALTH SERVICES MANAGEMENT AND LEADERSHIP (2017)

Introduction

1. The PAHO Award for Health Services Management and Leadership is given every year to a candidate, put forward by the countries of the Region, who has significantly contributed to strengthening health systems through the management and implementation of services and programs, teaching, and research in his or her own country and in the Region of the Americas. This award seeks to contribute to improving the management of health systems and services, while recognizing significant contributions and leadership in the design and implementation of initiatives favorable to the management and expansion of high-quality, comprehensive health services in the health systems of the Region. The award is conferred in recognition of work done in the past 10 years.

Background

2. This award, previously called PAHO Award for Administration, dates back to 1969, when the Executive Committee of PAHO, in its 61st session, accepted a donation from Dr. Stuart Portner, then Chief of Administration of the Pan American Sanitary Bureau, to institute an annual award with a view to contributing to better administrative management of health services.

3. The original procedures and criteria for conferring the award were approved by the 18th Pan American Sanitary Conference in 1970, with successive amendments to the requirements, conditions, and procedures approved by the PAHO Governing Bodies through the years. The most recent changes (Annex A), approved by the Executive Committee in its 158th session in June 2016, include a change of name, from PAHO Award for Administration¹ to PAHO Award for Health Services Management and Leadership.

¹ Award recipients from previous years are listed in Annex B.

4. The Award, currently set at the amount of US\$ 5,000, is granted according to procedures and guidelines approved by the Pan American Sanitary Conference and the Directing Council of PAHO.

5. The Award Committee is made up of the President of the Executive Committee, a principal delegate, and an alternate from each subregion. If there is a vacancy, despite the appointment of an alternate delegate, the President will make the necessary arrangements to cover it. The Award Committee will meet and deliberate on the candidacies during the 160th session of the Executive Committee in order to select the winner among the candidates proposed by the Member States. The Award will be presented to the winner in a ceremony during the 29th Pan American Sanitary Conference, in September 2017.
